Notes:

- Up to two courses counted for degree credit may be taken in other departments.
- One language course at the 3000-level or above may be counted toward the MA degree.
- One course, taught in the Department of French, must be about material from before 1800.
- Part-time students can complete coursework at whatever pace they wish. They can also register for the M.A. Essay Direction course in the fall, if they wish to complete the thesis in the spring. They will receive a grade of 'CP' (credit pending), which will be overturned for a letter grade once the essay is evaluated. If they opt for this schedule, the first draft is due February 1st and the final draft on March 15th. This schedule would lead to the MA being conferred in May.
